CANSKATE

Canskate & Pre-STAR

Skate Canada's flagship program. For decades CanSkate has been teaching the best skaters in Canada how to skate. Our Canskate program (Stages 1-4) and Pre-STAR program (Stages 5-7) are our dynamic learn-to-skate programs that focus on fun, participation and basic skill development for all ages.

“Every footwork sequence we do, every spin, every lift, every move – it all comes back to the basics, it is all those fundamentals that we learned in CanSkate.”
~Tessa Virtue.

Got Skates?

•••

Now is the time to try on those skates from last season or make plans to buy some new ones! Be sure to fit your skates properly. Ensure that you're wearing a pair of thin socks that you would typically use for figure skating, when you try on the skates. Your toes should not be bunched up at the tip, and the foot should not feel squeezed into the skate at the sides. Toes should be able to slightly wiggle.

Visit Edees Place in Listowel for all your skating gear!

Edees Place

1180 Wallace Ave N,
Listowel, ON N4W 1M5.
Toll free: 1-800-399-0282.

***If you are going for a fitting its best to call 24 hours ahead of your visit to make an appointment.

Programs cont..

Junior+Senior STARSkate Skills, Tests, Achievement & Recognition.

Offers skaters of all ages the opportunity to develop solid fundamental ice skating skills in the areas of ice dance, skating skills, free skate and interpretive skating.

STARSkate teaches figure skating skills in a group and/or private lesson format. Lessons are delivered in a progressive and sequential manner and include awards and incentives. Skaters have the opportunity to take Skate Canada Tests through a nationally standardized testing system.

We want to hear from you! We are looking for your input on what you like about the club programs and your ideas on how we can make them even better. E-mails will be sent out shortly with a link to the survey.

Skate & Costume Exchange

*Have you got used skates
and skating costumes?*

Bring them to the leisure fair!

Make sure your items are tagged with your name and the price of the item.

There will be a tables set up in the lobby for you to sell your items or perhaps to buy for yourself something for you or your skater!

Can you help?

Volunteers make our club strong! As with any non-profit sports organization, there are a lot of little things our members can do to help our skaters get the most out of their sport and their club.

More hands make light work and you don't need to know anything about the sport to make a difference! Some examples include being a Canskate Rep, Fundraising, Coordinate Special events, Hospitality etc..

E-mail: ssskatingclub@gmail.com

Synchroskate

****NEW this season**

The fastest growing sport on ice!

Synchronized skating or "synchro" is a specialized discipline of skating involving groups of eight or more skaters performing various group formations and maneuvers.

Skaters will learn how to perform as one unit executing circles, blocks, lines, wheels and intersections in unison to music, while learning and demonstrating quality edges, power and flow.

Skaters from the Jr. & Sr. STARSkate program from any skating club are welcome to participate.

Sign up at early registration or at the leisure fair!

It's so fun!
